

# **RUBBISH AND WASTE CLEARANCE PORTSMOUTH**

## **Environmental Policy**

As a reputable recycling and waste management company, we have certain responsibilities and aims to help reduce the risk to our planet and the environment by implementing codes of practice. The management recognises that day-to-day operations can impact both directly and indirectly on the environment, with this in mind we will adopt the best working practices where possible. To minimise environmental impacts concerning our activities and services we shall:

- **Carry out regular audits of the environmental management system**
- **Eliminate risks to the environment where possible by recycling 90% of the waste we receive and grade it effectively meaning reduced landfill**
- **Fully comply with all relevant legal requirements, codes of practice and regulations locally, nationally and with other contractors**
- **Prevent pollution to land, air and water (No fly tipping)**
- **Establish achievable targets to measure the continuous improvement within our Environmental performance**
- **Educate, train and motivate employees to carry out their tasks in an environmentally friendly manner**
- **Identify and manage environmental risks and hazards**
- **Use modern, cleaner vehicles to reduce the impact on the environment**

The company is committed to the continual improvement of environmental performance, and this policy will be reviewed annually and revised if applicable with comply with new changes in legislation. This policy will be communicated to all staff, contractors and suppliers and be available to view by members of the public on our website.
